

# MaxiCut 3 Oil® LP – Assured Protection Cut Level 3

Non Slip Grip Technology. Designed for moderate cut resistance in oily and dirty conditions where grip is essential.

Flexible but tough  
nubuck leather palm  
for added grip in oily  
conditions!

34-450 LP

## CutTech® technology platform

**Innovative fibres** - ATG source their own ingredients to develop their own unique high performance yarns and fibres that offer cut protection whilst maintaining high levels of comfort.

**Reinforcement** - between the thumb and forefinger, improves cut resistance and extends glove life in an inherently weak area.

## ErgoTech® technology platform

**Form, fit and feel** - mimics the “hand at rest”, reducing hand fatigue and increasing comfort.

**Latest knitting technology** - utilized to produce smooth and rounded fingertips, improving fingertip sensitivity.

**Consistent liner penetration** - from the nitrile, leaving only the soft liner resting against the skin.

## Hand Care® technology platform

**Skin friendly** - The well-being technology eliminates all traces of process chemical and odours. MaxiCut® Oil is “skin friendly” and certified to the Oeko-Tex 100® standard, which means the gloves are **certified** that they do not contain any harmful/carcinogenic solvents.

## Sanitized technology platform

**REACH compliant** - All ingredients used in the manufacturing and construction of MaxiCut® Oil are compliant with REACH - “Registration, Evaluation, Authorisation and Restriction of Chemical substances”. REACH is a new EU directive with the key aim to provide high levels of protection to human health & environment.

Built-in anti-microbial  
& odour protection

\*\*Gloves should always be tested to determine the suitability for the proposed application

Unique hand protection through Technology, Innovation & Design
