

MaxiDry® GP – Controlled performance™

Non Slip Grip Technology. Nitrile on a seamless nylon liner.

56-425

56-426

ErgoTech® technology platform

Ultra lightweight - synthetic coating combined with an industry leading super light seamless knit liner provides excellent comfort, sensitivity, fit and dexterity.

GripTech® technology platform

The micro-cup non-slip grip finish allows for a controlled and superior grip in oily and wet applications. The non-slip grip is only applied where it is actually needed - in the palm area - to ensure flexibility isn't compromised.

Hand Care® technology platform

Skin friendly - The well-being technology eliminates all traces of process chemical and odours. MaxiDry® is "skin friendly" and certified to the Oeko-Tex 100® standard, which means the gloves are **certified** that they do not contain any harmful/carcinogenic solvents.

Sanitized technology platform

REACH compliant - All ingredients used in the manufacturing and construction of MaxiDry® is compliant with REACH - "Registration, Evaluation, Authorisation and Restriction of Chemical substances". REACH is a new EU directive with the key aim to provide high levels of protection to human health & environment.

Built-in anti-microbial & odour protection

4121

**Gloves should always be tested to determine the suitability for the proposed application

Unique hand protection through Technology, Innovation & Design
