

MaxiFoam® – General Handling Gloves

Nitrile Foam on a Seamless Nylon Liner

34-900

ErgoTech® technology platform

Form, fit and feel - mimics the “hand at rest”, reducing hand fatigue and increasing comfort.

Latest knitting technology - utilized to produce smooth and rounded fingertips, improving fingertip sensitivity.

Consistent liner penetration - from the nitrile, leaving only the soft liner resting against the skin *i.e.* no strikethrough

GripTech® technology platform

Optimized grip delivered through the micro-cup finish allows for a controlled grip.

Hand Care® technology platform

Skin friendly - The well-being technology eliminates all traces of process chemical and odours. MaxiFoam® is “skin friendly” and certified to the Oeko-Tex 100® standard, which means the gloves are **certified** that they do not contain any harmful/carcinogenic solvents.

Sanitized technology platform

REACH compliant - All ingredients used in the manufacturing and construction of MaxiFoam® are compliant with REACH - “Registration, Evaluation, Authorisation and Restriction of Chemical substances”. REACH is a new EU directive with the key aim to provide high levels of protection to human health & environment.

Built-in anti-microbial & odour protection

3121

**Gloves should always be tested to determine the suitability for the proposed application

Unique hand protection through Technology, Innovation & Design
